Work Experience

Website Catalog Executive

Headphone Zone | Sept 2024 - Present

- Draft product pages with a strong focus on user behavior.
- Analyze user behavior to create tailored page layouts that improve user experience and drive conversion rates.
- Present product information and visuals in a way that empowers users to make informed and confident purchasing decisions.
- Collaborate with cross-functional teams to align page layouts with business goals, ensuring a seamless online shopping experience.

Projects

Netflix: UX Case Study

- A project focused on enhancing the user experience by addressing the difficulty of keeping track of watched content on Netflix.
- Introduced a separate section for watched content and feature to gray out viewed items in recommendations.
- Conducted user surveys, competitive analysis, hypothesis formulation, and prototyping to create a more intuitive and user-friendly interface.

Redesigning HCL Tech's Landing Page: A Journey to Higher Conversions

- Enhanced user interaction and increased conversion rates through a visually appealing and user-friendly design.
- Streamlined navigation and CTA placement for improved user flow, making it easier for visitors to engage with HCL Tech's services.
- Incorporated key metrics, case studies, and testimonials to build credibility and trust, ensuring a more engaging and informative user experience.

Certifications
